IDENTIFIERS *Johnson O Malley Act; Oklahoma

ABSTRACT

Financed and operated under the provisions of a contract between the U.S. Bureau of Indian Affairs, Department of Education, and the Oklahoma State Department of Education, this document describes the Indian Education Program in Oklahoma, which is authorized by the Johnson-O'Malley Act and supervised by the State Department of Education. This 1970 annual report was prepared by the Division of Indian Education. Tables for the enrollment, attendance, dropout, and graduation for 1968-69; the expenditure of contract funds during 1969-70 for administration and supervision, as well as for instruction, lunches, transportation, and other services; the estimated Indian pupil enrollment and attendance for 1971; a financial statement of Indian Education funds for 1970; the state contract funds allocated by counties and for special services and programs in 1970; the lunch and special service lunch fund reimbursement, and the allocation of funds for kindergarten programs in 1969-70 are given. The appendixes show the Indian Pupil School Contract, the Oklahoma plan, an enrollment and attendance table for 1969-70, the Johnson-O'Malley enrollment-age-grade-dropout-graduate table for 1969-70, the Indian Pupil enrollment and average daily attendance by areas and tribes for 1969-70, a map of tribal areas, and a high school senior questionnaire. (MJB)

COVER

The cover illustration represents the emblem in the center of the Oklahoma State Flag, which is an Osage Warrior's buckskin shield, decorated with pendant eagle feathers. Across the face of the shield runs the red man's calumet, or pipe of peace, crossed with the white man's peace symbol, the olive branch. The shield implies defensive or protective warfare. The small crosses on the shield are the Indian's graphic sign for stars, which indicate lofty ideals or a purpose for high endeavor. The important symbols, however, are the calumet and the olive branch. These override the shield, the symbol of war, and represent a pre-dominate love of peace by a united people, and the union of the Indian Territory and the Oklahoma Territory into the one great State of Oklahoma.

FOREWORD

The Indian Education Program in Oklahoma is financed and operated under the provisions of a contract between the U. S. Bureau of Indian Affairs, Department of The Interior, and the State Department of Education. The supervision of the program is carried out entirely by the State Department of Education as authorized by the Johnson-O'Malley Act of 1936. Prior to 1947 the program was administered by the Indian Bureau.

This Twenty-Third Annual Report of Indian Education in Oklahoma has been prepared by the Division of Indian Education to comply with State Contract No. GOOC14201591.

We wish to extend our appreciation to Mr. Virgil N. Harrington, Area Director of the Muskogee Area; to Mr. Sidney Carney, Area Director of the Anadarko Area; and, to their staff members for their cooperation and assistance in carrying out the program of Indian Education.

Sincerely,

Scott Tuxhorn, Superintendent
State Department of Education

Oklahoma City, Oklahoma

TWENTY-THIRD ANNUAL REPORT OF INDIAN EDUCATION
IN OKLAHOMA UNDER STATE CONTRACT

I

INTRODUCTION

The statistical tables outlined below are in accordance with
State Contract No. GOOC14201591.

1. A statistical table giving
 - (a) number of schools
 - (b) tax rate
 - (c) enrollment and average daily attendance of all pupils
 - (d) enrollment and average daily attendance of Indian pupils
 - (e) Table IE-5-A
2. A statistical table showing how much of the Johnson-O'Malley funds were expended for
 - (a) instruction
 - (b) transportation
 - (c) lunches for indigent Indian pupils
 - (d)-1 other expenses (d)-2 special programs
 - (e) total amount expended
3. A table showing the expenditures of contract funds for administration and supervision, visiting coordinators, (with titles and individual salaries) and expenses.
4. Any additional tables and information necessary to meet the needs of the State and Area Offices may be included, but must be separate and apart from the first three (3) requirements.

5. A brief narrative statement of the problems involved with Indian Education within the State and steps being taken to solve them.

For convenience in the preparation and use of this report, the following divisions will be used:

- I. Introduction
- II. A Narrative of the Conditions of Indian Education in Oklahoma
- III. Statistical Tables in two groups, namely
 - (a) Exhibit "A" (1) through "A" (4) meets the minimum requirement of the Manual.
 - (b) Exhibits "B" through "G" contain the additional statistics necessary to the efficient operation of the program.
- IV. A brief Summary
- V. Appendix

I I

NARRATIVE

The improvement of educational opportunities for Indian students is the goal toward which the Indian Division of the State Department of Education has directed their efforts in school year 1969-70.

For many years a large part of our Johnson-O'Malley budget was expended for free or reduced cost lunches for the indigent. We have worked out a plan with the School Lunch Division to gradually replace Johnson-O'Malley support for meals served needy Indian students with United States Department of Agriculture Funds.

Beginning with the 1970-71 school year, local schools will be paid 10¢ per meal from Johnson-O'Malley funds and 5¢ per meal for school year 1971-72. The School Lunch Division will assume the full cost (minimum of 35 cents) of meals served indigent Indian students in 1972-73 and thereafter.

This plan gives assurance that eligible students will continue to receive a free or reduced cost meal and will enable Johnson-O'Malley funds to be fully used for special education programs.

There was a total Indian enrollment of 13,913 with an average daily attendance of 12,489 and a per cent of attendance of 90, for 1969-70. This only includes those students who are one-fourth or more degree Indian blood and live outside the corporate limits of towns and cities of 500 or more population.

The number of school districts participating on the Johnson-O'Malley program in 1969-70 is 274. Thirty-six of these schools are 40% or more Indian average daily attendance and 17 of these are 50% or more.

We were able to implement more special enrichment programs this year as a result of increased funding. Eighty-six schools were among those who set up one or more Special Programs at a total cost of \$225,461.00, in such areas as:

- 1) counselling,
- 2) teacher aides (where possible bilingual aides have been employed),
- 3) aid to kindergarten programs,
- 4) employment of teachers to reduce class load,
- 5) remedial classes,
- 6) home bound program,
- 7) cosmetology,
- 8) special transportation, and
- 9) visiting coordinator program.

The purpose of the Special Programs Project was to work with the public schools to try to enrich the educational opportunities of the Indian students enrolled there. Schools selected to participate were those that had a large number and/or high percentage of Indian students in their enrollment. Because the Special Programs were designed to supplement programs in a manner that would be above and beyond the efforts that each local school was making, a request for each school's Title I expenditures, plus the amount of local millage being voted, was made. From these sources, each school's eligibility was considered.

After selecting the schools to participate, members of the Indian Education Division staff made personal visits to the selected schools to discuss with the superintendents what kind of programs might be needed for their school. Along with this, and in order to involve the Indian Communities in the decision of determining what programs would best fit the needs of their children, superintendents were instructed to meet with the Indian patrons of their respective schools and together come

to an agreement as to what programs would be most needed in each school.

A summation of cost and availability of personnel involved for each proposed program was requested from the school officials for final approval by the Indian Education office. All schools were requested to make an effort to find qualified Indian people to fill any new positions that were created by the programs. As a result of this request, most schools hired Indian people to fill such positions. The various programs that were set up for the school year 1969-70, included 108 teacher aides; 15 teachers for remedial reading and math; 10 counselors; 5 teachers for class-size reduction; 5 teachers for specialized areas, particularly art; 5 programs for tutorial services; and, 5 summer school projects for remedial students.

The Kindergarten Program was set up under the same eligibility criteria as the Special Programs, and thus, 46 schools were supplemented for Kindergarten teachers; teacher aides; and, supplies. Approximately one-half of the \$200,000.00 allocated to these schools was spent for supplies and materials to be used for the Indian student's benefit.

The most outstanding, and no doubt the most popular with the school people and Indian parents, is that of our Visiting Coordinator Program. These eleven Coordinators have done a remarkable job with the schools, the Indian parents, and their children. This has been accomplished by the Visiting Coordinators working an area with considerable amount of freedom of operation. Following are some of the duties of a Visiting Coordinator, in an assigned area of the State:

- 1) visits schools and confers with school personnel in order to learn the problems confronting the Indian students and attempts to locate and enroll all school-age Indian children in an area; attempts to alleviate problems which might keep children out of school, or cause them to leave,

- 2) visits Indian homes and explains the importance of regular school attendance; explains various school policies and regulations, school lunches, and other school matters; encourages parents to attend school sponsored meetings,
- 3) counsels with Indian students and drop-outs to encourage them to further their education; help students make decisions concerning higher education or vocational training,
- 4) cooperates with the local branches of government, the Department of Institutions, Social and Rehabilitative Services, the State Employment Office, the Bureau of Indian Affairs, and with local organizations such as civic groups and churches; attends meetings concerning matters such as tribal council meetings,
- 5) arranges for medical care, transportation, free lunches, etc., for students unable to provide for themselves.

Graduating seniors are counselled by a representative from this Division and informed and encouraged to take advantage of the educational opportunities available through the Bureau of Indian Affairs and other sources for post high school training. Graduating Indian seniors in metropolitan high schools and other non-Johnson-O'Malley high schools are also provided the same service. This service has been highly successful in increasing the number of students pursuing post high school courses, and guiding them into fields in which they are most likely to be successful. Questionnaires and all information is furnished the two Area Offices, Muskogee on the East side and Anadarko on the West side of the State.

This Division along with the Bureau of Indian Affairs, Oklahoma University, Human Relations Section, co-sponsored a summer workshop at Southwestern State College for public school and Bureau of Indian Affairs teachers in teaching Indian children. Fifty teachers attended the two week workshop held June 15 through 26, 1970.

The Foundation Aid Program for the State of Oklahoma is a comparison between the school year 1963-64 and the current school year.

This comparison is made on superintendent and principal increments, minimum program salaries for same number of teachers a school district qualified for in 1963-64, transportation allowance, transfer fees receivable, net 15 mills on personal property and public service valuation, and gross production taxes. The increase or decrease of these items is added to base years equalization aid. The 1963-64 average daily attendance is divided into current years adjustments to establish a Q factor. The Q factor is multiplied by previous years average daily attendance to determine the amount of Foundation Aid receivable.

Incentive Aid for 1970-71 is a flat grant of \$92.00 times previous years average daily attendance, provided a school district votes the 5 mill emergency levy.

The sum of Foundation Aid and Incentive Aid is the Total State Aid a district receives.

These programs were implemented through the excellent cooperation of the Bureau Officials in the Anadarko and Muskogee Area Offices, and the aid and encouragement of Glenn C. Lundeen and Lonnie Hardin of the Bureau of Indian Affairs, Albuquerque Office, along with the total effort of a wonderful and dedicated staff of employees.

I I I

STATISTICAL REPORT

Statistical Tables:

1. EXHIBITS "A" (1) THROUGH "A" (4). This part of the annual report contains tables of statistical data to comply with State Contract No. GOOC14201591.
2. EXHIBITS "B" THROUGH "G". These tables contain information necessary to the operation of the program in so far as the Division of Indian Education, State Department of Education, and the Area Offices are concerned.

The explanation accompanying each table gives, briefly, the nature of the data it contains. All of the tables are shown by counties where a breakdown is given. The county totals were compiled from the reports of each district participating in the program. All of the data of each individual district is on file in the office of the Division of Indian Education.

NUMBER OF DISTRICTS AND SCHOOLS. There were 291 districts with 291 schools located in 56 counties participating on the program for 1968-69. 1/ Of the 291 schools, 31 were Equalization Enrichment, or BASIC SUPPORT, AS THEY ARE NOW IDENTIFIED, and 260 were Special Service. 2/

TAX RATE. All schools to receive Johnson-O'Malley Funds, must levy the maximum of twenty (20) mills. This is equal to the fifteen (15) mills required for state equalization aid plus the five (5) mills local initiative. This rate applies to all classes of schools.

1/ 1968-69 is the qualifying year for fiscal year 1970
See Appendix for 1969-70 Statistics

2/ The difference in number of schools is due to annexations

INDIANS ONLY GRADUATES

8th Grade 1,238
12th Grade 624

EXPLANATION

Re: IE-5-A

KEY TO INDIAN ENROLLMENT, FORM IE-5-A

1/ Students known to have re-enrolled in another school of any type.

2/ Alphabetical keys for dropouts as follows:

- (a) with-drawn by parents
- (b) marriage
- (c) employment
- (d) detained by law agencies
- (e) illness
- (f) death
- (g) expelled
- (h) other

Note that each column, EXCEPT at the extreme right, is for Johnson-O'Malley assisted Indian students only. The extreme right column is total enrollment of all students, regardless of ethnic group, enrolled in Johnson-O'Malley participating schools.

In the second column from the extreme right, TOTAL COMPL., means the total completing the GRADE.

The difference in total enrollment and average daily attendance, shown on the regular Attendance and Enrollment Table, Exhibit "A" (1) in the two reports, and the Enrollment (Age-Grade-Dropout) Table, is due to a few Johnson-O'Malley schools including some pupils residing in town, and several schools not filing IE-5-A reports. PAYMENTS are made on the basis of the ENROLLMENTS as shown on the Enrollment and Attendance Table Exhibit "A" (1).

EXPLANATION. This table gives the data requested by the Central Office relative to the expenditures of Contract Funds for instruction, lunches, transportation, special programs, kindergarten programs, other services and total.

Exhibit "A-3"

EXPENDITURES OF CONTRACT FUNDS FOR ADMINISTRATION AND
SUPERVISION TO COMPLY WITH STATE CONTRACT NO. GOOC 14201591

Administration and Supervision:

A. Salaries

1.	L. J. Laney, Director	\$12,660.00*
2.	Bud Sahmaunt, Ass't. Director (6 mos.)	5,130.00
3.	Geraldine Harry, Ass't Administrator	6,780.00
4.	Elsie Roller, Stenographer-Sec.	5,405.00
5.	Lynn Gibson, Typist-Bookkeeper	4,830.00

B.	Accumulated Annual Leave Pay (2 people)	<u>3,104.24</u>
----	---	-----------------

Total Administration \$37,909.24

C.	Social Security Expense	\$ 1,602.20
D.	Supplies, Equipment & Maintenance	2,111.96
E.	Travel & Communications	2,907.04
F.	State Insurance Plan (to meet regulations of the State Board of Education)	250.00
G.	State Life Insurance Plan	68.60
H.	Matching Retirement Fund	<u>453.35</u> \$ <u>7,393.15</u>

TOTAL

\$45,302.39

*\$1,000.00 Annuity withheld

Exhibit "A" (4)

ESTIMATED INDIAN PUPIL
ENROLLMENT AND ATTENDANCE FOR 1971

1. Estimated Enrollment 1/ 14,292
2. Estimated Average Daily Attendance 12,760

The following table is presented to substantiate the above estimated

1	2	3	4	5	6	7
School Year	Total	Enrollment		Total	Average Daily Attendance	
		Gain or Loss over Prev. Yr.	Per Cent of Gain or Loss		Gain or Loss over Prev. Yr.	Per Cent of Gain or Loss
1964	12,634	286	2.31	11,447	259	2.29
1965	12,867	233	1.84	11,738	291	2.54
1966	13,318	451	3.50	12,102	364	3.10
1967	12,790	(520)	(3.90)	11,681	(421)	(3.47)
1968	13,119	329	2.57	11,902	221	1.89
1969	14,130	1,011	7.706	12,811	909	7.637
1970	13,913	(217)	(1.535)	12,489	(322)	(2.578)

1/ By applying the average per cent of gain of 2.728 for the past three (3) years, we arrive at the estimate of the enrollment of 14,292 for 1971. Likewise, by applying the average per cent of gain of 2.728 for the past three (3) years, we arrive at the estimate of 12,760 average daily attendance.

I V

SUMMARY

As a brief summary of the Twenty-Third Annual Report of Indian Education in Oklahoma under the State Contract, we wish to point out the following:

- (1) There was a total Indian pupil enrollment of 14,130 with an average daily attendance of 12,811 and a per cent of attendance of 91. This does not include those who live inside the corporate limits of towns and cities of 500 population or more.
- (2) There were 291 schools filing reports for 1968-69, 7 schools were annexed and funds were paid to the schools to which they were annexed. A total of 284 schools received Johnson-O'Malley funds.
- (3) In the allocation of funds to the schools \$34,611.00 was for Basic Support, and \$327,016.60 was for Special Services.
- (4) Of the Special Service Allocation, \$292,180.00 was for lunches of indigent Indian pupils and \$34,836.60 for other special services. (See Exhibit "D" (1)).
- (5) There was a total of \$363,625.84 spent for Special Programs, \$239,424.63 of this amount went to the schools. (See Exhibit "D" (2)).
- (6) There was \$211,703.44 spent for Kindergarten Programs. (See Exhibit "G").
- (7) There was a total of, 2,031,824 meals served in the public schools on the Johnson-O'Malley Programs during the school year.

Indian Education Program

Public School Contract

1. Definitions. (a) The term "Contracting Officer" as used in this contract refers to the official of the Bureau of Indian Affairs, who executes this contract on behalf of the United States of America or any persons authorized to act for him in his official capacity or his successor.

(b) The term "designated representative of the Contracting Officer" when used by the Contracting Officer during the performance of this contract means those persons designated by the Contracting Officer to perform certain specified functions required by the terms of the contract and the general provisions.

(c) The term "eligible Indian children" as used in this contract means those children who possess one-fourth or more degree of Indian blood whose parents reside outside the corporate limits of towns having a population of 500 or more.

(d) "State" means the State contracting for the education of Indian children.

(e) The term "school district" is the local unit of school administration as defined by the laws of the State in which it is located.

2. Indian Education Program.

The Contractor agrees:

(a) To provide education for all Indian children, residing in the State of Oklahoma under the same terms and conditions as for all other citizens of the State.

(b) To secure regular attendance of Indian children in public schools in accordance with the laws of the State and regulations promulgated by the Secretary of the Interior.

(c) To allot to schools enrolling eligible Indian children all funds and aids to which public schools of the State are legally entitled.

(d) To determine and justify the total amount of the contract and the amount allotted to each school district in keeping with the State Plan formulated by representatives of the State and Bureau of Indian Affairs and approved by the Commissioner of Indian Affairs.

(e) To submit to the Contracting Officer an operational budget to be made a part of this contract and to provide other estimates and reports as may be required by the Contracting Officer or his designated representative.

(f) To allot funds provided under this contract only to school districts that (1) have eligible Indian children attending schools, (2) maintain standards of educational service equivalent to those required by the State, and (3) levy school taxes at a rate not less than the average for all similar type school districts in the State; (4) or assistance otherwise justified under the approved State plan or agreements with local school districts.

3. Payments. For carrying out the program agreed upon, payment will be made to the Contractor in the amount of One Million Fifteen Thousand Dollars and No Cents (\$1,015,000.00); payments to be made quarterly upon receipt and verification of invoices submitted by the Contractor, such invoices to be based on actual expenditures.

4. Contract Term - Termination - Renewal - Modification. This contract shall be for the period beginning July 1, 1969, and ending June 30, 1970, subject to termination at any time upon sixty (60) days' written notice given by either party to the other. Unless so terminated, the contract may be renewed annually by the Contracting Officer for successive one year terms commencing July 1 of each year upon submission and acceptance of an approved budget developed in accordance with the State plan, subject to the availability of appropriations

and subject to termination during any such period as provided above. This contract may be modified in writing by mutual consent of both parties.

5. Access to Facilities. The Contracting Officer or his designated representatives shall have access to the schools in which Indian children are enrolled, at any time for observation, consultation, and evaluation.

6. Inspection of Programs. The Contractor shall make available to the Contracting Officer or his designated representatives such records and reports as may be necessary to enable them to conduct inspections of the school program in the schools receiving funds under this contract.

7. Approval. The Contractor shall secure the concurrence and approval of the Contracting Officer before appointing or termination, the services of any employee in the Division of Indian Education, State Department of Education; when funds provided under this contract are used to pay all or any part of his salary and expenses.

8. Visiting Coordinators. Visiting Coordinators employed under this contract must be available to transport Indian children to clinics, doctors, dentists, children court, etc; and to and from home as may be necessary. When such transportation is provided, the coordinators must carry liability insurance in the amount of \$100,000 - \$300,000.

OKLAHOMA STATE PLAN
(for Administration of Johnson-O'Malley Funds)
1969-70

Purpose

The purpose of this plan is to outline the procedure to be used in administration of Johnson-O'Malley funds received by the State of Oklahoma and to provide the guidelines within which the schools and school districts may participate in the program.

Provisions

1. Distribution of Johnson-O'Malley aid will be made on the basis of average daily attendance of eligible Indian children in schools which have limited and inadequate enrichment funds after all other sources of financing are considered (including Local, State and Federal).
2. Eligible Indian pupils shall include only those who possess one-fourth or more degree of Indian blood, and whose parents or guardians reside outside the corporate limits of towns having a population of 500 or more.
3. Eligibility of school districts and schools for Johnson-O'Malley funds from the State is dependent upon their meeting the following requirements:
 - a. Levy at least an additional 10 mills above the required levy for State Equalization aid.

- b. Justify the request for funds based on the need after all other sources of revenue are considered including funds from P. L. 874.
 - c. Have an ADA of at least five eligible Indian pupils in small schools (total enrollment of less than 200 students) and at least 5% of the total ADA in schools enrolling more than 200 students, except as indicated in provisions 6 and 7 a.
 - d. Must be eligible for, and receive State Equalization Aid.
4. Any unobligated funds received from the Bureau of Indian Affairs for any fiscal year shall be offset against the consolidated State budget for ensuing fiscal year. An amount of the State annual contract may be carried over at the end of the fiscal year for administrative and operational costs by the Division of Indian Education, Oklahoma State Department of Education.
5. Johnson-O'Malley funds may be requested by the State for the following major purposes: General Support, Special Services and Supervision.
6. General Support funds may NOT be provided for schools receiving P. L. 874 payments.

Schools with less than 200 total ADA must have had at least five or more eligible Indian pupils in ADA or 5% of the total ADA, whichever is the greater, the previous school year. Schools with 200 or more total ADA must have had at least 10% or more Indian pupils in ADA the previous year. The amounts granted to these schools is based on a formula as follows:

a. Schools with forty per cent (40%) or more Indian pupil average daily attendance:

(1) With less than one hundred (100) total ADA:

$(\$40.00 - *PLI) \times \text{total ADA.}$

(2) With one hundred (100) or more total ADA:

$(\$30.00 - PLI) \times \text{total ADA.}$

b. Schools with less than forty per cent (40%) Indian pupil average daily attendance:

$(\$40.00 - PLI) \times \text{Indian Pupil ADA.}$

*PLI is the Per Capita Local Initiative which is determined by the net income from a levy of 5 mills based on the net valuation of the district for the previous year.

7. Special Services may be requested for a variety of needed services to Indian students. State and Bureau officials will jointly develop Special Service Programs under sections d and e of this provision. Special Services may include, but are not limited, to the following:

a. Reimbursement for lunches furnished by the schools to eligible Indian pupils who cannot afford to pay for them or for whom the school does not receive total reimbursement from other sources. If the claim is for fewer than five children the school is ineligible.

b. Transportation of eligible Indian pupils who live 1-1/2 or more miles from school unless otherwise provided except in schools qualifying for Public Law 874 payments. This does not apply to Indian Boarding School pupils attending Public Schools.

- c. Reimbursement for necessary lunches and supplies to school districts enrolling children who stay in Bureau dormitories.
 - d. Counseling services in schools and communities with large numbers of Indian children attending school.
 - e. Other enrichment and special need programs which are designed to meet the different needs of Indian students.
8. Normally, administration costs should not exceed 5% of the total program. However, the allocation for administration should take into account the number of children served, special services provided, and other factors affecting administration provided.
9. Periodic and annual visitations to J.O.M. schools are to be made by State Johnson-O'Malley personnel. When it is the desire of Bureau Officials to visit J.O.M. schools for the purpose of observation or evaluation, under "Access to Facilities" clause of the State Contract, it shall be a joint venture with Johnson-O'Malley personnel. Visits to be made to the extent possible within budget and time limitations. The visits will be made to review schools (enrolling eligible Indian pupils) programs which are supported through Johnson-O'Malley funds. Johnson-O'Malley personnel may visit schools enrolling Indian pupils that are not supported by Johnson-O'Malley funds. It is very important that such programs recognize and provide for the special needs of Indian children. If there are program deficiencies that exist which cannot be fully funded locally or through other

sources this should form the basis for future Johnson-O'Malley budgetary requests.

10. A budget request shall be submitted on or before March 15, each year, for the 2nd succeeding fiscal year. Justifications shall accompany the budget request.
11. On, or before August 15, an annual review of the Johnson-O'Malley program and budget request shall be made by State and Bureau officials. Based on this review and visitations to schools, a State Johnson-O'Malley contract is negotiated between the Bureau of Indian Affairs and the State Department of Public Instruction to provide needed financial support within funds available to the Bureau.
12. An Annual Report shall be submitted on or before October 15, each year, and shall contain narrative and statistical information regarding the Johnson-O'Malley program in the previous school year. It is mutually agreed by the State Department of Education, Indian Education Division, and the Bureau of Indian Affairs officials, that a consolidated Budget, by counties, be prepared in lieu of BIA Manual regulations on an individual school district basis as required by BIA Manual 62 IAM 3.2.11.C.

Due to the annexing of some schools, who did not file reports, there is a decrease in Enrollment and Attendance. An increase should be reflected, next year, when the receiving schools report their Enrollment and Attendance.

36 schools are 40% or more Indian ADA, 17 of these are 50% or more.

NOTE: This Enrollment and Attendance Table is for the school year 1969-70, on which the payments for 1970-71 will be made.
